

Attitude is the key to success

Excellence is not a skill. It is an attitude.

Don't lower your expectations to meet your performance. Raise your level of performance to meet your expectations.

Expect the best of yourself, and then do what is necessary to make it a reality.

Weakness of attitude becomes weakness of character.

If you have the will to win, you have achieved half of your success. If you don't you have achieved half of your failure.

Too many people miss the silver lining because they're expecting gold.

We cannot direct the wind but we can adjust the sails.
